PREFACE

This report is one in a series on Soviet Ground Force and Logistic installations being prepared for a DIA/CIA Panel. The series is being coordinated, published and disseminated by NPIC. The photographic analysis is being performed by the NPIC Photographic Analysis Group, the CIA Photographic Intelligence Division (NPIC), and the Production Center 1P1a (DIA). The photographic analysis for this particular report was performed by the NPIC Photographic Analysis Group.

In the interest of uniformity, the titles and letter designators for the facilities observed at these installations are identical with those appearing in the project requirement. When a specific facility is not observed both its title and letter designator are omitted in the report.

Titles and letter designators for the various facilities are as follows: (A) railroad service, (B) road service, (C) landing strips, (D) administrative and troop housing areas, (E) storage areas, (F) ammunition storage areas, (G) POL storage areas, (H) other buildings and facilities, (J) equipment storage/maintenance areas, (K) athletic fields, (L) small arms firing ranges, (M) driver training areas, (N) tank/assault gun firing ranges, (P) flat trajectory firing ranges, (Q) artillery emplacements (batteries), (R) infantry or combined arms field training area or courses, (S) special training facilities, (T) unidentified facilities or tracking activity.

SUMMARY

25X1D A probable explosives storage area is located 2 kilometers (km) north of Volga (Figure 1).

The installation covers approximately 340 acres and contains 2 possible administration buildings, a multistory barracks, 31 probable explosives storage buildings, 10 storage buildings, 9 support buildings, and a small-arms

firing range (Figures 2 and 3).

This installation is covered on KEYHOLE missions between

Comparative analysis reveals no changes in facilities and a high level of activity throughout this period.

DESCRIPTION OF INSTALLATION

Railroad Service

A spur from the Volga-Rybinsk rail line serves the installation.

Road Service

All-weather roads provide access to Volga.

Administration and Troop Housing Area

Area D contains 2 possible administration buildings and a multistory barracks.

General Storage Area

Area E contains 10 storage buildings and 7 support buildings.

Probable Explosives Storage Area

Area F contains 31 probable explosives storage buildings and a support building. The area is doubly secured and surrounded by a firebreak.

Small-Arms Firing Range

Area L contains a small-arms firing range, 650 by 60 feet, and a support building.
